

# Level Term Life Insurance

## Benefits that protect you and your family

Life insurance is a great way to protect your most important assets and help provide the peace of mind your family deserves. This plan pays cash directly to you or your beneficiary to use however you choose. It is also portable, so you can keep the coverage if you change employers.

Level term life insurance also includes a Terminal Illness Benefit which provides as much as 50% of the death benefit while you are living with a terminal illness. This benefit is automatically included in the employee's policy.

### Life insurance calculation:

#### Example

- \$80,000 in 10 year term coverage for a 45 year old would cost \$38.72 per month:  $80,000 / 10,000 \times \$4.84$ .

### Employee or spouse life benefit calculation:

#### Step 1

How much coverage would you like?  
(increments of \$10,000) \$ \_\_\_\_\_

#### Step 2

Insert the rate per \$10,000 in coverage for your age and desired term \$ \_\_\_\_\_

#### Step 3

Multiply Step 1 by Step 2 \$ \_\_\_\_\_

#### Step 4

Divide by 10,000 \$ \_\_\_\_\_

The answer to step 4 will be your monthly premium for your desired amount of life insurance coverage.
